

The Power of FAMILY DYNAMICS

WHEN- You are born!

WHY- Because parents share their children!

HOW-Mom is connected to the first born mentally, physically, and magnetically. Second born is connected to the father mentally, physically, and magnetically. Mom connects with the odd numbers, and Dad connects with the even numbers. This pattern is present in EVERY family in the world.

FOR EXAMPLE - If you are first born, do not expect to be connected to your Father. Your Mother will always look after you!

This means financially, physically, spiritually, and will support you in everything you do!

If you are second born your Dad will do the same.

When you know how family dynamics works, your life will be more harmonious, and you will be healthier, wealthier, and happier.

Are you an odd or even number? Haha

Please LOVE both your parents, thank you!
